## ABOUT LION SPIRIT

We are young and hungry like a lion. With 100% transparency to our investors, we support young athletes with our token to achieve their big goals. Let's dream together and make dreams come true!

## WHY LION

Lion Spirit, because it makes the lion the king of the animals, and we use our skills to turn young talents into kings and queens of their sport.

## MISSION & VISION

We want to bring sport to everybody of the world. The idea is to use the token to support young sport talents around the world. First in the DACH region, then in Europe and then all over the world. It will be about young athletes or teams who need support. Be it with a jersey sponsorship, or club sponsorship. Later, the community should also be able to decide when to donate.

## FOUNDING TEAM

Our team is all made up of former professional athletes. So they know exactly what the talents need. We have brought together people from all different sports so that we can meet as many talents as possible to move this forward. And for sure, it will be our lifegoal to make some history!

# TOKEN DISTRIBUTION

Welcome to LION SPIRIT.

The LION SPIRIT Token will be available very soon with a total supply of **1,000,000,000,000,000**. We made a conscious decision to create a token with the lowest possible fees for traders and holders. LION SPIRIT can be found on the **Binance Smart Chain**. We decided to not implement a transaction tax for our token to make it more user-friendly for everyone who wants to participate in the project and also trade the token on **pancakeswap** and other exchanges in the future.

**15%** of the token is distributed through our private sale, where people who join us from the beginning will receive **36%, 23%, 10%** discount on the token price depending on the timeframe they made their purchase.

## Investors/Partners

We have big companies as partners who will also raffle off complete annual coaching sessions or the community can decide for whom it is given. Every month, a 1-year coaching is given away to a talent selected by the community (in Europe and worldwide). The athletes are supported by us, if they make transfers at some point or something.

# ROADMAP TO THE MOON
